Summary

A highly motivated second-year engineering student with a strong passion for programming and open-source contribution, and a keen interest in continuous learning. Enthusiastic about building impactful projects and expanding technical expertise in modern software development.

Education

Chaitanya Bharathi Institute of Technology   2024 – 2028
B.E., Computer Science and Engineering
GPA: 9.7

    Hyderabad Public School, Begumpet   Graduated in 2022 (10th Grade)
ICSE — 98.4% (Top 1% in school)

Technical Skills

Languages: C, C++, Java, HTML, CSS
Tools & Platforms: Git, GitHub
Currently Learning: React.js, Node.js, Express.js, MongoDB, Backend Development
Problem-Solving: Solved 110+ problems on LeetCode

Projects

Music Player (Spotify-Inspired)   HTML, CSS, GitHub
Click here to view

- Designed and developed a responsive music player web app inspired by Spotify UI.
- Implemented features like play/pause, seek controls, playlist UI, and song library.
- Hosted the project on GitHub Pages for live usage.

Experience & Achievements

- **WISE Program** (TalentSprint, powered by Accenture) — Selected as part of the **Super100 Cohort** from 5000+ applicants nationwide for the prestigious Women in Software Engineering program. (Top 1% nationwide)
- **Certification** — Object-Oriented Programming using C++ (CBIT)

Leadership & Extracurriculars

- Formal anchor for the main day of CBIT college fest.
- Hosted and coordinated multiple alumni meets at CBIT.
- Participated in several Model United Nations (MUNs) as a delegate and speaker.
